

**Call for Nominations**  
**Editor-in-Chief**  
**ACM Transactions on Asian and Low-Resource Language Information Processing**

The term of the current Editor-in-Chief (EiC) of the [ACM Transactions on Asian and Low-Resource Language Information Processing](#) (TALLIP) is coming to an end, and the ACM Publications Board has set up a search committee to assist the Board in selecting the next EiC.

Nominations, including self nominations, are invited for a three-year term as TALLIP EiC, beginning on June 1, 2016. The EiC appointment may be renewed at most one time. This is an entirely voluntary position, but ACM will provide appropriate administrative support.

Appointed by the ACM Publications Board, Editors-in-Chief (EiCs) of ACM journals are delegated full responsibility for the editorial management of the journal consistent with the journal's charter and general ACM policies. The Board relies on EiCs to ensure that the content of the journal is of high quality and that the editorial review process is both timely and fair. An EiC has final say on acceptance of papers, size of the Editorial Board, and appointment of Associate Editors. A complete list of responsibilities is found in the [ACM Volunteer Editors Position Descriptions](#). Additional information can be found in the following documents:

- [Rights and Responsibilities in ACM Publishing](#)
- [ACM's Evaluation Criteria for Editors-in-Chief](#)

Nominations should include a vita along with a brief statement of why the nominee should be considered. Self-nominations are encouraged, and should include a statement of the candidate's vision for the future development of TALLIP. The deadline for submitting nominations is April 15, 2016.

Please send all nominations to the search committee chair, Hwee Tou Ng ([ngh@comp.nus.edu.sg](mailto:ngh@comp.nus.edu.sg)).

The search committee members are:

- Hwee Tou Ng (National University of Singapore), *Chair*
- Jian-Yun Nie (Université de Montréal)
- Junichi Tsujii (National Institute of Advanced Industrial Science and Technology)
- Chris Hankin (Imperial College London), *ACM Publications Board Liaison*
